

Intern - Mobile App Development

About Us

The Sparks Foundation (TSF) is a non-profit organization registered in India and Singapore. We envision a world of enabled and connected little minds, building the future. We aim to inspire students, help them innovate and let them integrate to build the next generation of humankind. We help the students to integrate and help each other, learn from each other, and do well together. Know more about us on: <https://www.thesparksfoundationsingapore.org/>

The Graduate Rotational Internship Program (GRIP) is the flagship program of TSF in which students, recent graduates and professionals focus on technical skills development as well as professional profile improvement on LinkedIn. The program gives young aspiring minds a learning platform to connect with students and professionals from varied diversity, background, skills and countries. During Covid-19 pandemic, the format of GRIP is 1-month, unpaid and virtual internship. It is open for students and professionals from all expertise levels and backgrounds. Current students, freshers as well as working professionals can join GRIP. They can select tasks which they want to do as per their skills level.

Job Description

Selected intern's day-to-day responsibilities may include:

1. Creating new and/or developing our existing app products
2. Working on Android and iOS
3. Deployment of apps on Play Store and App Store
